### **Basic Research Tools**

---

**OBIS** is the inventory of all of the materials held by all the Oberlin College Libraries -- if we own it, subscribe to it, or have electronic access to it, OBIS knows!

**OhioLINK Library Catalog** represents the holdings of over 90 colleges and universities from around the state as well as some large public libraries.

**MLA Handbook** is a citation style guide to help you format your papers and properly document in-text citations and works cited pages

### **Finding Articles Using Databases**

---

There are subject-specific databases for finding specific types (i.e. scholarly journals, magazines, newspapers, etc.) articles. Some to consider:

- **Academic Search Complete**
- **Film & Television Literature Index**
- **Communication & Mass Media Complete**
- **JSTOR**
