CLUSTER REUNIONS AT OBERLIN

Beginning in May of 1974, Oberlin adopted a "cluster plan" model for reunions taking place during Commencement Weekend. This plan allows alumni to return with friends who graduated a year or two before or after them. In 2022, Oberlin adjusted this model: milestone 25th, 50th, and 65th reunions now take place during Commencement Weekend in May, while all other cluster reunions scheduled in a calendar year take place during Homecoming Weekend in the fall.

To find your reunion years, follow your class year row horizontally across the chart, noting the calendar year at the top of the chart each time you come to your class year. In the 65 years following graduation, each class will meet 13 times.
